Joshua Sells

Student

👤 Profile

I am a Senior at Concordia University St. Paul for a BS in Computer Science. I love technology and I am very hungry to learn. My education has given me a foundation in computer architecture, software development, and an overall ability to be self sufficient in adapting to and learning new things.

🎓 Education

Computer Science, Concordia University, St. Paul

August 2019 — August 2021

Bachelors degree in computer science focusing on a foundation of computer science concepts with an emphasis on web development.

Associates in Arts, North Hennepin Community College, Brooklyn Park

May 2017

My liberal arts education has given me the skill to be able to teach myself. I have learned in areas including:

- Interpersonal Communication
- Literature
- Science
- Health
- Math

Because of this solid foundation, I can make use of resources from different outlets to learn what I need to excel.

🎓 Courses

Introduction to Computer Science, Concordia University St. Paul

August 2019 — October 2020

Math for Computer Science, Concordia University St. Paul

October 2019 — December 2019

Introduction to Java, Concordia University St. Paul

January 2019 — March 2020

GitHub

Server-Side Development, Concordia University St. Paul
October 2020 — December 2021

Object Oriented Programming in Java, Concordia University St. Paul
January 2021 — March 2021

Computer Architecture and Operating Systems, Concordia University St. Paul
January 2021 — March 2021

Language Design and Implementation, Concordia University St. Paul
March 2021 — May 2021

Advanced Web App Development, Concordia University St. Paul
March 2021 — May 2021

💼 Employment History

Ready Mix Truck Driver at Marshall Concrete Products, Inc, Minneapolis, MN
March 2019 — February 2021

- Safely and responsibly deliver ready mix concrete to customers.
- Work cooperatively with contractors to ensure quality work.

School Bus Driver at First Student, New Hope
January 2018 — April 2019

- Safely drive students to school and back home.
- Manage behavioral issues on the bus.
- Conduct pre-trip inspections.

This position has stretched my patience and helped me become more confrontational.

Self Employed at JS Kettle Corn, Twin Cities
June 2016 — August 2021

In 2016, I bought a mobile kettle corn business. This is part time seasonal work in the summer months. I make kettle corn and sell it at various festivals across the twin cities. Notable venues include WE Fest, Crystal Frolics, Mopars in the Park, etc. This business is not active due to Covid-19.

- Communicate with event managers to book and prepare for festivals.
- Customer service
- Accounting with Quickbooks.
- Paying taxes and managing employees.
- Managing inventory.

Crew Member at Five Guys Burgers and Fries, Maple Grove
August 2013 — September 2017

- Prepped, cooked, and served food
- Handled purchases made in store, online, and call-in orders.

- Applied food quality and safety standards to confirm safe consumption of products.
- Provided training for developing team members in order to create a conflict free workplace.
